HEALTH, CULTURE AND SPORTS DEPARTMENT

<https://sks.kyrenia.edu.tr/>

Universities are places where you can receive education at high level professionally, and on the other hand, you can improve your social, cultural, artistic and sport skills. The purpose of universities, in which all kinds of freedom of thought and discussions take place and where culture of democracy is gained, is to raise qualified people, to produce science and technology, to develop projects, to ensure the cultural development and transfer.

University of Kyrenia with the awareness of the need to invest in people on the road to the knowledge raises; intellectual individuals who are researchers, inquisitive, can take initiative, are competitive, have strong social relations, are confident, creative, can make the right decisions, renew themselves in the light of contemporary developments, solve problems through mind and science, adopt the fundamental principles of the Republic, and be full of Atatürk's love.

Organizing physical, social and cultural activities with the aim of supporting University of Kyrenia students in their social and cultural development in line with the principles of Atatürk, enabling students to make the most of these opportunities by providing facilities for this purpose and supporting them to manage their extracurricular time efficiently is among our duties.

SOCIAL AND CULTURAL CLUBS

The objectives of the student clubs affiliated with University of Kyrenia, Health, Culture and Sports Department; to educate students who can take initiative, have strong social and cultural aspects, are active, have a sense of solidarity, can work individually and in teams. As well as giving importance to quality education, many activities are organized at the University of Kyrenia to reinforce this objective. New activities and facilities are provided every year in line with the demands of the students. We have 23 clubs and 8 teams under the roof of Health, Culture and Sports Department within our university. Our university, which is located very close to Kyrenia city centre, also uses this advantage in its social and cultural activities.

CURRENCY AND USING CREDIT CARDS

The currency used in Northern Cyprus is Turkish Lira. Since the average exchange rate may fluctuate during the day, the best way to check before you exchange money is to check from the daily bank rate or currency exchanges. Most of the shops are also accepting currencies such as Euro, Pound and American Dollar.

All international credit cards and debit cards apply to hotels, restaurants and stores.

BANKS

Northern Cyprus has an average of 10 banks in every major city, which offers a good service. Opening and closing times for many banks may differ during summer and winter.

HOW CAN I USE NEAR EAST BANK SERVICES?

You can carry out all kinds of banking transactions from Near East Bank, which is located on campus and transfer Money with MoneyGram. Remember to bring your passport and bank account information with you.
